## **Cleaning Up After Using Facilities**

After using the facilities with your family, tennis group or any other functions, please inspect all areas for trash and cleanliness including the creek, tree house and the restrooms. Please remove all trash bags even if they are not full and replace with new bags. Replacement trash bags are tied to the trash cans. Large trash containers are located in the parking lot near the basketball goal.

Leave the area cleaner than you found it!

## **Pavilion Cooking Area**

- Plan ahead to ensure that there is adequate propane in the tanks prior to your event. The regulators for the tanks are designed to drain one tank at a time – ensure you have at least half of a tank remaining in at least one tank. Otherwise, contact Tom Rittweger for tank replacement.
- Children are not allowed in the kitchen area without adult supervision. The gas grills could be very dangerous.

### **Directions for Lighting the Grills**

1. Before lighting a grill, check the grill gas knobs to make sure they are both off.
2. Open the grill cover.
3. Turn on gas at the tanks (located inside the pool fence) first, and then turn on the knob to the grill you are lighting.
4. Light the grill by using a long stick fireplace match (you will need to bring your own)
5. If the grill does not light, turn off gas and wait 5 minutes before trying again.
6. After grilling your food, please turn the grill on high for 10 minutes to burn off the grease.
7. Turn off tank valves when finished.

***Please turn off all lights, close propane tank valves and lock all doors and gates if you are the last to leave the area!***
